

A BOD STUDIO PRODUCT

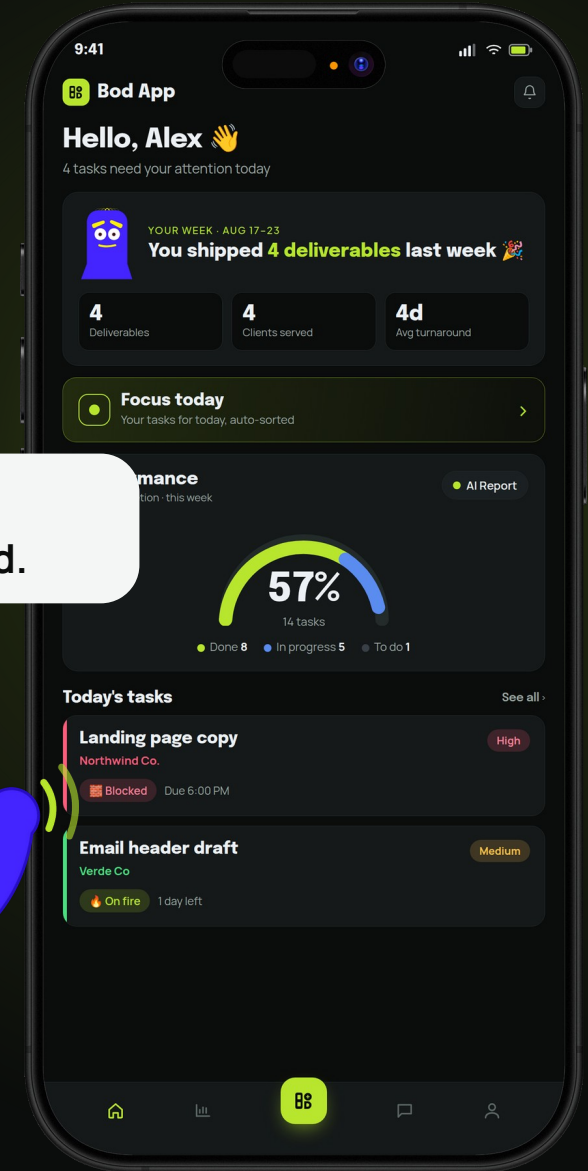

Bod App

The task app for creative agencies.

It handles the admin, so your team can do the work.

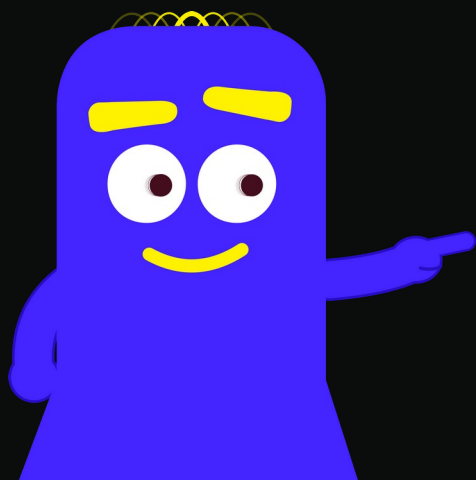

Come in. Let me show you around.

3 PM

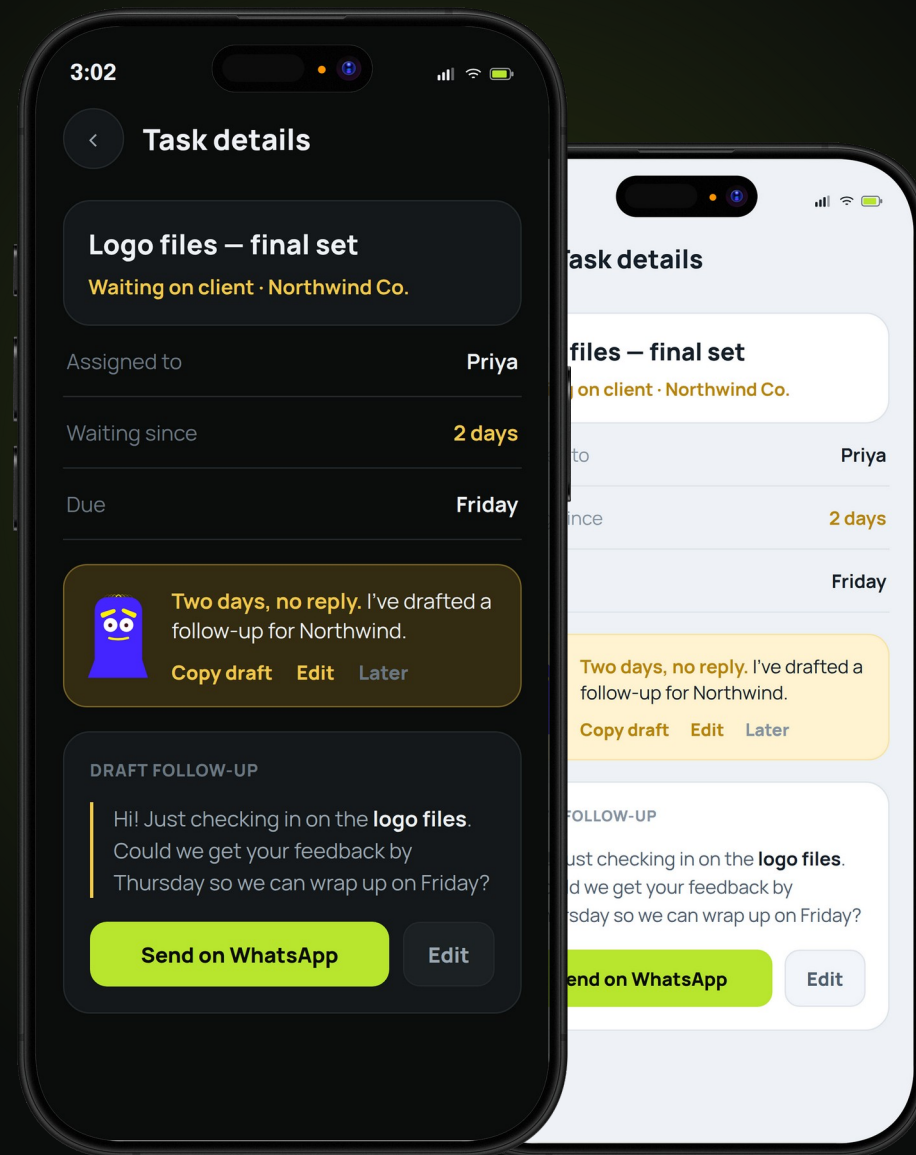

The client's gone quiet.

After two days of waiting, Bod App drafts the follow-up. You just send it.

Two days, no reply.
I've written it for you.

HOW IT WORKS

From brief to invoice.

Every job takes the same five steps.

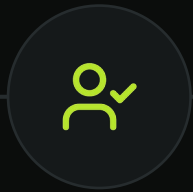

Every job, same path. I watch every step.

STEP 1

Brief comes in

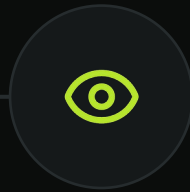

Say it, type it or drop the PDF.

STEP 2

Gets assigned

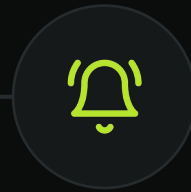

The PM approves it once.

STEP 3

Work happens

Everyone can see where it's at.

STEP 4

Client nudged

Quiet for two days? It follows up.

STEP 5

Billed

Done work goes straight to billing.
