

A BOD STUDIO PRODUCT

Bod App

The task app for creative agencies.

It handles the admin, so your team can do the work.

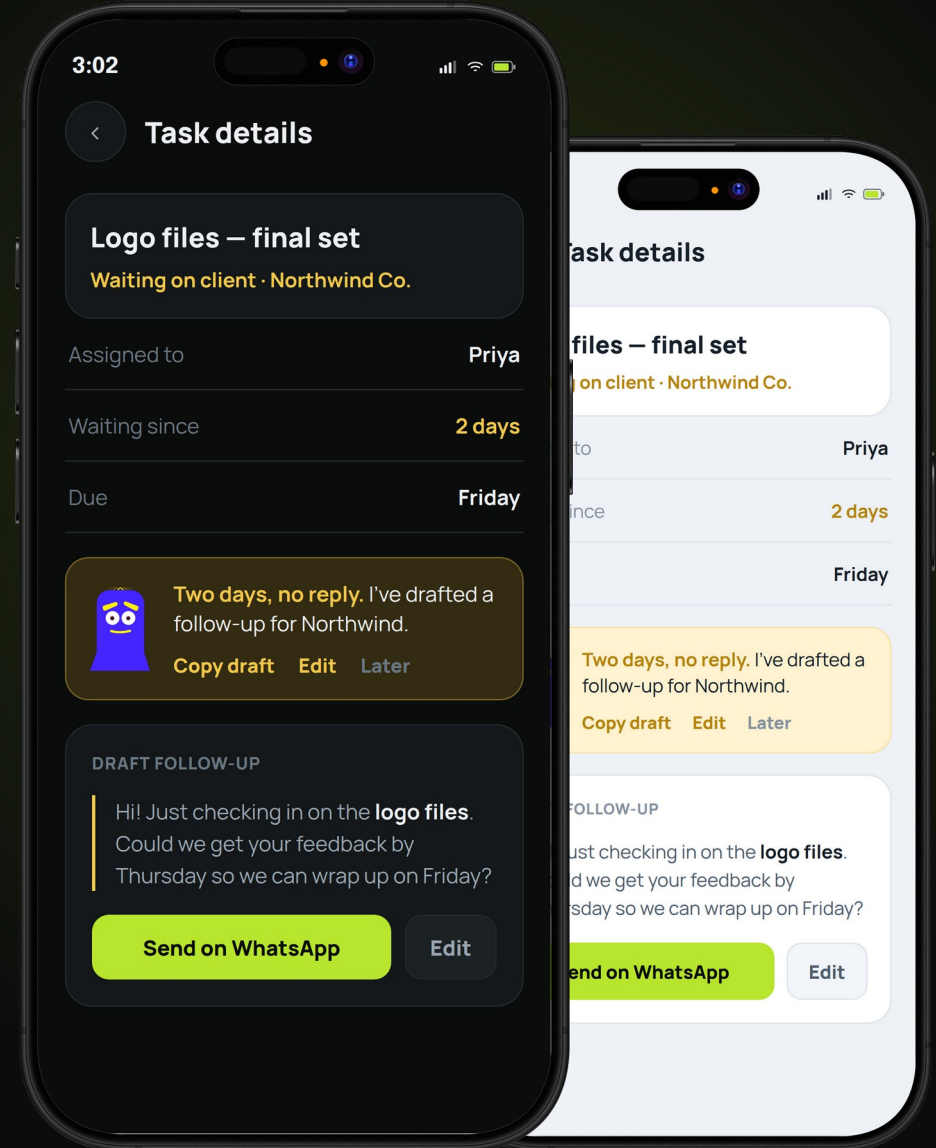

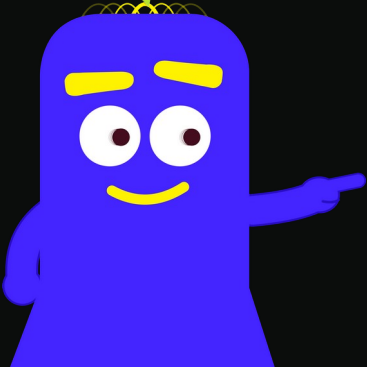

FOLLOW-UPS

The client's gone quiet.

Bod App notices, and drafts the follow-up for you. You just send it.

No reply yet? I've written the follow-up for you.

STEP 3

Everyone can see where it's at.

STEP 4

Gone quiet? It drafts the follow-up.

STEP 5
